Night Trains and Day Dreams

BY SNIGGLEFRITE. No. 1. As I have always said, and often wrote night train traveling exhibits more of homan character than any other scene or condition of life More is to be learned of human nature, in a given space of time in a whirting night: in a given space of time in a whirting night: train car, than in any other place. Any person paying passage is lord of his liberty in a night train. The democracy of his nature submits to little restraint. The drowsy sleepers is careless about, and indifferent to, the restraint and humor. The question arose of the conductor all along cast at our late election for Congress. From some cause which I never could explain, there was but intledisposition on the part of my new acquaintto care for my society. Several hours of the night passed on, when at a certain station a new passenger came in, who, in passing my place, spoke, and called me Judge. This seemed to have an almost electrifying effect. I had been sleeping, and cared as little for my company as they for me. They had assumed a little of the aristocratic, which I had noticed. But now, finding a Chief Justice, as they supposed, for their neighbor, they hardly knew how to be complacent enough. Auother gentleman, whom they constantly called Captain, had mostly attracted their attention Very soon I had calls for little civilities, and each child in turn was placed on the Judge's lap, to be caressed.
